Hi Everyone!

Thank you for taking the time to listen and learn about the New Staff Training Guide that I have developed which includes the VR 101 training modules in Canvas. By now you should have received your Canvas login information; if you need help getting in, please let me know and I can troubleshoot with you. Feel free to check out the other trainings I have stored in there. I'm happy to collaborate and share training ideas if you'd like!

I've attached the Training Guide to this email as well if you'd like to check it out. I added the MD DORS public website links on the "In-Person WTC Day" tab because you will not be able to access our intranet links without being on our network. I know you're not technically reviewing this for the Advisory Council but I still wanted to share it 😊

Please let me know if you have any questions! Happy Learning!

Erica
