**Partnership
driven and
solution
focused**

Powered by expertise and propelled by passion for 60+ Years

Who we are

GW-CRCRE InSight Lab leverages decades of expertise to support public agencies, businesses, and workforce organizations to enhance employment opportunities for individuals with disabilities. InSight Lab is built on a foundation of partnerships with State Vocational Rehabilitation agencies and is expanding its impact to businesses, workforce providers, and nonprofits.

What we do

We provide specialized training, technical assistance, and consulting services, using data-driven strategies and tailored solutions to drive sustainable change.

- » **For State VR Agencies:** Support with state and federal compliance, program evaluation, fiscal & policy analysis, leadership and professional development, and data-driven impact analysis to enhance adult and youth service delivery and outcomes.
- » **For Businesses:** Disability inclusion training, workforce consulting, and accessibility solutions to create inclusive workplaces.
- » **For Workforce Development Providers & Nonprofits:** Assistance with strategic partnerships, grant-funded initiatives, and integrated service delivery models for adults and youth with disabilities.

Our vision

To drive sustainable change at the individual, economic, systemic, and social level throughout the world.
